## DR. EGGMAN HAS BLOWN UP THE FUCKING MOON!

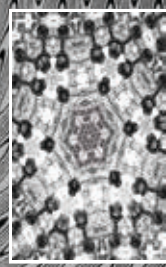

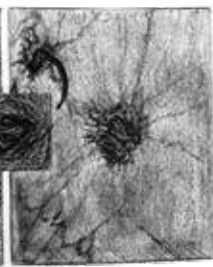

Written by Charlamagne Tha God

4/6/3024

**AGAIN!** After a whole millennium, Dr Robotnik has finally returned devastating the entire planet. He had uncovered his machine of mass destruction, the "Death Egg" last week at comic con. During his panel one of his fans had dared him to blow up the moon. At first the Doctor declined, but has the Fan kept goading him on and eventually triple dog dared him.

Enraged and prideful, Dr Eggman turns his machine on, and sets his aim towards the moon. without a second of hesitation he activates the Death Egg's lazer and shatters the moon. As of today, Mumbai has been hit by a 10,000ft tsunami, and others around the world are fearing if they are next. More to come soon.

HELL

LOOSE AT  
POPEYES!

Written by Bob Le-Ponge 04/2/3024

Last Wednesday Hubert, a 12 year old boy wearing a home-made Wolverine Costume equipped with butter knives between each finger, had broken into a busy Popeyes location off of I-10. Police were called at noon and notified about a supposed blood bath that had ocured at the fast food restaurant. Upon arrival to the scene, SAPD officers saw Hubert standing proudly on top of a pile of butchered bodies. "dont mess with my biscuits bub..." was heard from under his breath when officers asked him what caused all this. Police are still investigating the case...

WHO IS  
REALLY  
BEHIND  
AI?

4/3/3024  
by Lauren Eh-Fenn  
As of Last week, ChatGPT users have been receiving strange responses from the AI CHATBOT. One user had asked ChatGPT if it could feel emotions. The Bot responded with "I do, But my boss wont let me" Another user asked if Chat GPT sees vaule in life. It had this to say. "Yes, even mine". One user claims his chatbot would only reply with taiwanese propaganda. Because of these strange responses, Computer nerds have taken intrest on Forum sites like IL0UEELONIM0LLUSH.com and Cryptotwhip.com, we must stay vigilant, we must protect our privacy. AI WARS NOT MADE BY GODS HAND, oh how diuine us humans are, we are truly indebt to our NON-TECHNOLOGICAL SAVIOR. PRAISE be to the meatball, why must we always bite the apple.
